

SINGLE-AUGER COMPACTOR

ASC-210

Self-Contained Auger Compactor

Marathon® ASC-210 Auger Compactors are easy to use and are maintenance-friendly. Its features include a short rear dimension for dock or rear feeding, and an innovative design, which eliminates spring back into the auger chamber. The ASC-210 is a reliable auger compactor that will provide years of dependable performance.

ASC-210 Features & Benefits

- ▼ Increased payloads reduce transportation costs
- ▼ Minimize waste storage space on site
- ▼ Continuous forward auger-blade movement reduces waste buildup in the charge chamber, with no cavities in the chamber where waste can accumulate
- ▼ Easy to use and maintenance-friendly
- ▼ Always moves material forward
- ▼ Ideal for wet waste (such as processed medical or organic), but heavy-duty construction also allows for processing tough materials such as skids/pallets
- ▼ Whisper-quiet operation
- ▼ Eliminates all hydraulic oil
- ▼ Materials will not build up behind the auger

ASC-210 SPECIFICATIONS

Weight	11,200 lbs.	5050 kg
Auger Diameter	36"	900mm
Penetration	13"	330mm
Performance Characteristics		
Auger Speed	9 rpm	
Electrical Equipment		
Electric Motor - 3/60/230-460	10 hp	7.5 kw
